# Guide to the Coleg Gwent Publication Scheme

## Introduction

It is a requirement of The Freedom of Information Act 2000 (FOIA), that Coleg Gwent adopts and publishes a publication scheme that sets out what information we will routinely publish. The Freedom of Information Act, along with the Environmental Information Regulation (EIR), is intended to promote greater openness and accountability across the public sector by requiring all 'public authorities', including Further Education colleges, to proactively make information available to the public.

The Coleg Gwent Publication Scheme is based on a model publication scheme provided by the Information Commissioner's Office (ICO)

### Information we must make available

The ICO requires us to make information available in the following categories:

- Who we are and what we do
- What we spend and how we spend it
- What our priorities are and how we are doing
- How we make decisions
- Our policies and procedures
- Lists and registers
- The services we offer

### Information we do not have to release

- Information that is exempt under one of the FOIA exemptions;
- Personal information under the Data Protection Act 2018/GDPR;
- Information that is archived, out of date or otherwise inaccessible;
- Information that would be impractical or resource-intensive to prepare for routine release;
- Information in draft form.

Further details about what information may be exempt under the FOIA or EIR can be found in our Freedom of Information Act and Environmental Information Regulation Policy (FOIA & EIR Policy), or on the ICO website.
