

Crochet For Intermediate

In a nutshell

Crochet for intermediate is designed to challenge those who have some basic crochet skills and are looking to improve and develop them to the next level. You'll look at cabling, finishing stitches, corner to corner and more complex patterns. This course will enable you to learn new complex patterns, intricate stitches and techniques.

This course is for...

...anyone with an interest in developing their crochet skills to an intermediate level.

Course content

Topics covered will be:

- Front post/back post stitch
- Cabling
- Corner to corner design

COURSE INFORMATION LEAFLET

Finishing stitches (invisible join)
Crochet lace
Complex patterns like crocodile stitch

Entry Requirements

There are no formal entry requirements just an interest in the subject. You should have an understanding of:

How to crochet
Double crochet
Treble crochet
Increase and decrease

Additional information

During week 1 you will be provided with chunky knit yarn and a 6mm crochet hook. The items below will be required for subsequent lessons and discussed during the sessions:

Various sized crochet hooks
Double knit and chunky yarns in various materials
Tapestry needle (or equivalent) for sewing projects/weaving in ends

A few more items may need to be purchased during the course.
