

## Landscape Photography

### In a nutshell

This course allows you to develop landscape photography skills to a high level. This course builds on your existing photographic skills and technical ability with the camera.

### This course is for...

Those with a knowledge of how to use your DSLR camera manually and you should have a genuine interest in the subject.

### Course content

You will learn how to make the most of your equipment to gain amazing landscape imagery, discovering all the styles of landscape photography, including traditional and experimental techniques, along with all the intricacies that go into planning and shooting landscapes. Day two is on location at the four waterfalls walk in the beautiful Brecon Beacons.

Day one - in class:

# COURSE INFORMATION LEAFLET

- Landscape photographic equipment
- How to achieve stunning images
- Timelapse
- Locations
- Editing landscape photography
- Planning a landscape shoot

Day two - field trip to:

Four waterfalls walk in the Brecon Beacons to photograph landscapes, nature and waterfalls. Includes transport to and from location.

What's expected of you

You'll need a knowledge of how to work a DSLR camera in manual mode. You will also need an enthusiasm for the subject.

Be aware that the course is appropriate for people with a reasonable level of fitness/mobility as the field trips are undertaken in rugged, outdoor locations. You will be walking a route that is approx. 5 miles during the four waterfalls walk.

## Entry Requirements

It is essential that you own, or have regular access to, a digital SLR camera that you are confident using.
