

Virtual Online - Cyber Security Certification Programme with Job Placement

In a nutshell

A Personal Learning Account is a new initiative from the Welsh Government. It is a free and flexible way to learn. The initiative will offer people the chance to access free, part-time courses that offer flexible and convenient learning around their existing lifestyle.

Whether you already have an IT background, or are completely new with no prior experience, working in cyber security would suit anyone with an interest in technology looking for a challenging yet meaningful career.

This course is for...

...anyone over 19 and living in Wales.

...anyone in employment and earning less than £26,000 a year.

...have an interest in IT, be naturally quick at learning new skills and have a structured way of thinking.

COURSE INFORMATION LEAFLET

Course content

The Cyber Security with Job Placement programme has been created to provide you with not only the necessary training to be able to work confidently as an Ethical Hacker, but you will also be offered job guarantee upon completion of your training.

This course is made up of hands-on, practical experience, challenge labs, certifications and recruitment workshops.

Module outline includes:

Introduction to I.T. Systems
CompTIA Network+
EC-Council Certified Ethical Hacker
Certified ISO 27001 Foundation

You'll be assessed through exams and internal practical assessments.

Entry Requirements

There are no entry requirements but it is beneficial if you are a fast learner with a passion for IT.

Additional information

This course is for one year.
