

E-Learning CompTIA Security+ SY0-501 Course with Live Labs incl. Exam

In a nutshell

A Personal Learning Account is a new initiative from the Welsh Government. It is a free and flexible way to learn. The initiative will offer people the chance to access free, part-time courses that offer flexible and convenient learning around their existing lifestyle.

The CompTIA Security+ is one of the most in-demand qualifications in IT security. This vendor-neutral certification gives you the relevant knowledge and skills needed to install and configure systems to secure applications, networks and devices and other functions needed to be a trusted and reliable IT security professional.

This course is for...

...anyone over 19, living in Wales.

...anyone in employment and earning less than £26,000 a year.

...an IT professional looking to build a foundation in IT security.

COURSE INFORMATION LEAFLET

Course content

The CompTIA Security+ course includes:

- Threats, attacks and vulnerabilities
- Technologies and tools
- Architecture and design
- Identity and access management
- Risk management
- Cryptography and PKI
- How to support the principles of confidentiality, integrity and availability

There will also be a CompTIA Security+ Exam.

Entry Requirements

There are no formal requirements, but you'll need a keen interest in the subject.

Additional information

The CompTIA Security+ course will validate the credentials of any IT security professional. If you are an IT professional looking to build a foundation in IT security, then the CompTIA Security+ is the perfect place to start as you utilise an understanding of vendor-neutral technologies and practices.

This course is for three months.
