

## EAL / City & Guilds Diploma in Electrical Installation Level 1

### In a nutshell

This course covers core skills and knowledge needed for electrical installation. This course gives you the opportunity to develop the skills and knowledge needed and the opportunity to progress onto our level 2 Electrical Installation programmes.

### This course is for you if...

- ... You want to be an electrical installer
- ... You need an entry-level qualification
- ... You want to progress onto the Level 2 course

### What will I be doing?

This course is ideal for anybody who is interested in a career as an electrical installer in domestic dwellings and looking for an entry qualification, which will facilitate progression to

further learning in this area.

Whilst on this course you'll study:

- Structure of the construction industry
- Fundamental safe working practices
- Environmental and sustainability measures in domestic dwellings
- Site preparation for working in the construction industry
- Electrical installation wiring and terminations
- Fabrication techniques for electrical installation
- Electrical science and technology

You'll be assessed through practical projects, written and online tests and you'll gain:

Level 1 Electrical Installation

[Skills Activities](#)

[Maths and English](#)

Other relevant qualifications to enhance your skill set

## What is expected of me?

To enter the course, you'll need a minimum of 4 GCSEs, Grade E or above, to include maths/maths numeracy and English/Welsh First Language, or an appropriate Entry Level qualification.

You need to have a desire to work in the construction industry. Full commitment to attendance is required, as is respect for others, enthusiasm for the subject and self-motivation. You'll be continually assessed and there is an expectation that you'll continue your studies and coursework during your own time.

## What comes next?

# COURSE INFORMATION LEAFLET

Level 2 Diploma Electrical Installation, an Apprenticeship or employment.

## **Additional information**

You'll need to undertake a construction industry assessment to help determine the most appropriate course.
