

EnCO Energy Management for Business - Business Owner

In a nutshell

This course aims to enable business owners to reduce energy consumption, costs and carbon emissions by equipping them to apply energy management principles and techniques.

The course is accredited by The EnCO initiative. EnCO aims to engage, equip and empower organisations and energy professionals to enable significant energy savings through people.

This course is available as part of a Personal Learning Account (PLA). PLA is an initiative from the Welsh Government which offers people the chance to access free, part-time courses with flexible and convenient learning that fits around their existing lifestyle (subject to eligibility).

This course is for...

... anyone aged 19+, living in Wales and in employment. The usual salary limit of £29,534 does not apply to this course.

... those wanting to become involved in the move towards Net Zero either as an energy conscious employee or business owner.
