

ACS Gas Renewal

In a nutshell

The domestic gas industry is highly regulated, with assessment provided under the Accredited Certification Scheme (ACS). The college's ACS Gas Centre is an approved BPEC centre offering a wide variety of domestic gas courses ideal for experienced plumbers. On successful completion, you'll be eligible to apply for registration with Gas Safe.

This course is for...

- ...those who have completed a relevant managed learning programme
- ...you want to become a fully qualified gas engineer
- ...those who need a re-assessment.

Course content

The College carries out a wide variety of assessments. Certificates are valid for five years after

which re-assessment is needed. Training is not a pre-requisite but it can be provided by the college upon request.

You'll be assessed on your competence to carry out gas work safely in the following areas:

CCN1 - Core domestic gas safety which includes CPA1 (combustion performance analysis natural gas and liquefied petroleum gas)

Please note candidates must hold CCN1 before completing assessment on the following appliances:

CENWAT - Install, exchange, commission, disconnect, service, repair and breakdown of domestic gas fired central heating and hot water boilers and circulators, combination boilers, storage water heaters and instantaneous water heaters.

CKR1 - Install, exchange, service, repair, breakdown and commission of domestic gas cooking appliances

HTR1 - Install, exchange, service, repair breakdown and commission domestic open balanced and fan assisted flued gas fires and wall heaters

MET1/2 - Install, exchange, remove and commission domestic gas meters

CMDDA1 - Carbon monoxide and combustion performance testing using electronic portable gas analysers, and detailed investigation of appliances

Once you've completed CCN1 Core Domestic Gas Safety you can progress to the above domestic appliances and you'll also be eligible to complete changeover from domestic gas to domestic LPG:

CONGLP1PD Changeover domestic gas to domestic LPG for permanent dwellings

CONGLP1LAV Changeover domestic gas to domestic LPG for leisure accommodation

CONGLP1RPH Changeover domestic gas to domestic LPG for residential park homes

HTRLP2 Closed flue gas fires

CONGLP1PD

£150

CONGLP1LAV

£150

CONGLP1RPH

£150

HTRLP2

£75

Fee when taken at the same time as either CONGLP1PD, CONGLP1LAV or CONGLP1RPH

For upcoming training and assessment dates please [email Bethan Chatfield](mailto:bethan.chatfield@colegwent.ac.uk) or call her on 01633 466037.

Other courses also available:

Unvented Domestic Hot Water Storage Systems
Water Regulations
Part L Energy Efficiency

This programme can also be fully funded via the 'Personal Learning Account' (PLA). A Personal Learning Account is a new initiative from the Welsh Government. It is a free and flexible way to learn. The initiative will offer people the chance to access free, part-time courses that offer flexible and convenient learning around their existing lifestyle. It is suitable for anyone who is:

...over 19, living in Wales, in employment and earning less than £26,000 a year.

...taking the next step in your career to be a Gas Engineer

Please ring Admissions on 01495 333777 and ask for more information on the PLA
