

City & Guilds Progression in Plumbing Studies Level 2

In a nutshell

The Progression in Plumbing course gives you a broad but in-depth insight into the work and skills of a plumber. This course will prepare you for a career as a plumber in the construction industry.

This course is for you if...

- ... You want to go directly into employment as a plumber
- ... You want to go on to a Level 3 Plumbing qualification
- ... You want to gain practical skills and theoretical knowledge of plumbing

What will I be doing?

The Progression in plumbing Studies course offers you the chance to develop your skills and knowledge to a high standard recognised by the industry.

Apply online at www.colegwent.ac.uk

COURSE INFORMATION LEAFLET

You'll learn how to deal with leaky pipes, water systems and drainage in our well-equipped workshops.

You'll cover a range of units during the course, including:

- Health and safety in building services engineering
- Electrical principles and processes for building services engineering
- Scientific principles for domestic, industrial and commercial plumbing
- Common plumbing processes
- Cold water systems
- Domestic hot water systems
- Sanitation
- Central heating systems
- Drainage systems
- Understand how to communicate with others within building services engineering

The course is delivered by both practical sessions in excellent workshop facilities and theory lessons to underpin the knowledge learnt in the practical sessions.

You'll be assessed through practical projects, written and online tests and, once complete, you'll achieve:

Diploma Level 2 Plumbing Studies

[Skills Activities](#)

[Maths and English](#)

Other relevant qualifications to enhance your skill set

What is expected of me?

To enter the course, you'll need a Level 1 (Foundation) Diploma in Plumbing and, either GCSE Maths/Maths Numeracy, or English/Welsh First Language Grade C or above

You need to have a desire to work in the construction industry. Full commitment to attendance is required, as is respect for others, enthusiasm for the subject and self-motivation. You'll be continually assessed and there's an expectation that you'll continue your studies and coursework during your own time.
