

Certificate in Higher Education in Substance Misuse

In a nutshell

The Certificate in Higher Education in Substance Misuse is for those who already work in the Healthcare sector and wish to progress more within this area of expertise; or anyone who wishes to change career direction and enter this area of employment and already has a level 3 qualification.

This course is for you if...

...you want to develop your knowledge and gain the experience needed to undertake substance misuse roles in a range of Health settings.

What will I be doing?

Modules involved in the programme include:

Reflective Practice in Substance Misuse
Interagency Working in Substance Misuse

COURSE INFORMATION LEAFLET

Legislation and Policies in Substance Misuse
Current Issues in Substance Misuse
Introduction to Evidence Based Practice
Addictions

The Certificate in Substance Misuse content follows the overall aims set by the Welsh Governments within which they highlight the need for educational programmes to raise awareness of drug and alcohol issues which affects not only the person but also the social and economic factors linked to substance misuse.

What is expected of me?

The course requires learners to attend formal input sessions in addition to this there is a need to read around the subject to support your learning within independent study time. Throughout the course there is opportunity to engage with peer learning and take part in discussion groups and forums. It is an expectation that you engage in these activities to support your learning experience.

What comes next?

Students who complete 120 credits per year full time will have the option to progress to Foundation Degrees in Health and Social Care Management, Psychology and Counselling, which are all available at the University of South Wales. This provision offers potential students from non-traditional routes within the field of health and social care the opportunity to study within Higher Education at level 4, with the potential for progression to courses at levels 5 and 6.

Additional information

Employment opportunities include posts within the health and social care industry (public and private), health related charities and local authority positions.
