

AXELOS PRINCE2 Agile® Practitioner

In a nutshell

PRINCE2 Agile is designed to meet a rising demand from the management community. It brings together two different project management methods, waterfall and agile.

PRINCE2 Agile® Practitioner takes the knowledge acquired at Foundation level and applies it to the workplace, using real-world management examples. It is aimed at professionals who work within a project environment, including key staff involved with integrating project management with product delivery.

This course is available as part of a Personal Learning Account (PLA). PLA is an initiative from the Welsh Government which offers people the chance to access free, part-time courses with flexible and convenient learning that fits around their existing lifestyle (subject to eligibility).

This course is for...

... anyone aged 19+, living in Wales, in employment and earning less than £29,534 a year

... those who are required to work within a project environment, with governance
