What will I be doing?

You'll be taught by experienced professionals, undertake real projects and take part in workshops with visiting artists.

You will develop transferable skills and knowledge to help learners progress in a music field of their choice.

You will become a graduate that will enhance the music scene in Wales, contributing with a variety of different disciplines.

You will study the following modules:

Studio Production : Technical Proficiency in the studio.

Songwriting : To develop songwriting skills and techniques.

Film Composition & Sound : To develop skills in Composing / Foley for Film.

The Music Collaborator : To develop collaborative and networking skills.

You will be using our state of the art recording studios which include the Audient HE8024 desk, full selection of Neumann microphones including dummy head binaural recording.

Our post production suite includes a Foley room with full sound to picture capabilities, high end DAW facilities and an extensive selection of analogue electronic music instruments.

Our studios are also equipped with the Steven Slate Raven MT12 touch screen mixing console.

Our selection of amp heads and cabs include Soldano 100w slo, Vox AC30 and Marshall JCM 900.

What is expected of me?
