

City & Guilds Diploma in Light Vehicle Maintenance and Repair Principles Level 2

In a nutshell

This course is endorsed as a Technical Diploma and is designed to satisfy the theory component of the VCQ Level 2 in Light Vehicle Maintenance and Repair. It satisfies the requirements of the Maintenance and Repair Advanced Apprenticeship Framework (Light Vehicle).

This course is for you if...

- ... You have completed the Level 1 Diploma in Vehicle Maintenance and Repair
- ... You want a blend of practical and theoretical study
- ... You can work independently and as part of a team

What will I be doing?

COURSE INFORMATION LEAFLET

The Level 2 programme is broken down into five technical sections, including the four main vehicle areas designated by the National Occupational Standards developed by IMI:

- Chassis technology
- Engine technology
- Transmission technology
- Electrical and electronic technology
- General aspects e.g. health and safety, legal aspects and organisational requirements

You'll be assessed through online tests, assignments, coursework, portfolios and practical assessments. Upon completion, you'll achieve:

- IMI Level 3 Diploma in Light Vehicle Maintenance and Repair
- Appropriate supporting qualifications to broaden your skill set and meet the needs of industry
