

Control of Substances Hazardous to Health (COSHH)

In a nutshell

The course gives learners the knowledge to recognise the risks associated with hazardous substances and how to control them.

This course is for...

This course is aimed at individuals who work in an environment where coming into contact with hazardous substances is likely. This includes workplaces in areas such as manufacturing, cleaning, healthcare, transport, utilities and office environments.

Course content

Subjects covered include:

Laws relating to hazardous substances in the workplace
COSHH Regulations 2002
Risk Assessments

COURSE INFORMATION LEAFLET

Safe use of hazardous substances in the workplace
Control precautions and procedures for dealing with hazardous substances

Entry Requirements

There are no formal entry requirements for this course but this course requires you to have an understanding of your working environment.

Additional information

This course is normally delivered over a half day (3 hours). Delegates who successfully complete the course are awarded a Coleg Gwent certificate of attendance.

This course can also be delivered as an accredited HABC Level 2 Award in Control of Substances Hazardous to Health.
