

### VTCT NVQ Award in Creative Hair Extension Services Level 3

#### In a nutshell

Through this unit you will learn how to provide hair extension services for your clients. Being able to identify the condition of your client's hair, skin and scalp will determine which products and technique to use.

The preparation of your client's hair, selecting blending and placing the extensions will add colour, length, and volume for your client.

You will complete each service by creatively cutting and finishing the hair. Maintenance of the extensions and aftercare advice also form part of this qualification.

#### This course is for...

...You love all things hair and beauty

...You want a blend of practical and theoretical study

# COURSE INFORMATION LEAFLET
