

FULL TIME GUIDE
2021/22

MADE FOR GREATNESS

One of
Wales' top
performing
colleges*

MAKE YOUR SUCCESS STORY

WELCOME TO COLEG GWENT

I'm absolutely delighted that you're considering studying at Coleg Gwent. In this guide you'll find a wide range of the exciting full time courses we have on offer; 248 to be exact.

I'm positive you'll find a course that's right for you - whether you're choosing to study A levels or one of our interesting vocational courses, there's something for everyone. We offer courses across all five of our unique campuses so you can be guaranteed there's one that you can study on your doorstep.

As one of Wales' top performing colleges, be assured that you can still receive a comprehensive learning experience during these unusual times.

In a year unlike any we've ever faced before, we've remained one of Wales' top performing colleges despite the challenges of COVID-19. We've kept learning going and we continue to put learner safety at the heart of what we do, so that you can feel safe in the college environment, enjoy a full learning experience, and access fantastic opportunities.

Ranked as one of the joint top performing colleges for vocational learning in Wales, we're proud to be part of the innovative WorldSkills UK Centre of Excellence programme, and many of our learners have successfully reached the finals

of Skills Competition Wales this year in spite of the Coronavirus restrictions.

We're proud of our college which is a friendly, welcoming and innovative place to study. We offer award winning teaching, qualifications to help you achieve the career you want and extracurricular activities for you to add to your CV.

So take a look through the courses on offer and apply today! If you're unable to find what you're looking for give our helpful Student Recruitment team a call on 01495 333777 (Croesawn alwadau yn Gymraeg). We hope to see you soon.

Guy Lacey
Principal
and Chief Executive

CHOOSING THE RIGHT COURSE FOR YOU

MADE FOR YOU

We know that choosing your next step can be confusing and sometimes, a bit of a challenge.

This guide should give you some of the answers you're looking for but if you're still not sure, just get in touch! Our student recruitment team are on hand and ready to help Mon - Thurs, 8.30am - 4.30pm & Friday 8.30am - 4pm.

HERE ARE A FEW THINGS TO CONSIDER WHEN YOU'RE CHOOSING YOUR COURSE:

You're more likely to pass your course if you choose a subject you enjoy!

Choosing something you're good at will mean you're more likely to get good grades and finish your course.

Think about what you might want to do after college - University? Get a job? Further training? Will your course help you achieve that?

6	Honours Degree		Higher Apprenticeship NVQ 4	
5	Foundation Degree, HND	Diploma in Higher Education		Management professional
4	HNC	Certificate in Higher Education		
3	Level 3 Extended Diploma Level 3 Diploma Level 3 Subsidiary Diploma Level 3 Certificate	3 A Levels 2 A Levels 1 A Level 1 AS Level	Advanced Apprenticeship NVQ 3	Advanced technician, Skilled supervisory
2	Level 2 Diploma Level 2 Extended Certificate Level 2 Certificate	4 GCSEs (A*-C) 3 GCSEs (A*-C) 2 GCSEs (A*-C)	Apprenticeship NVQ 2	Semi-skilled operator
1	Level 1 Certificate or Diploma	GCSEs (D-G)	Traineeship NVQ 1	Operator
Entry	Basic Skills/Skills for Life			
	Vocationally-related learning	Academic learning	Work-based learning	

Our A Level pass rate has been above the UK and Wales averages for the last 5 years

100%

pass rate in 30 A level subjects

High pass rates

for Vocational courses

Our Level 3 vocational courses attract UCAS Tariff points, just like A Levels. The amount depends on the course you do. You can find out more at www.ucas.com/tariff

Please note; all courses may be subject to change and cancelled if deemed not viable to run.

WHY CHOOSE COLEG GWENT?

MADE FOR INDIVIDUALS

10 reasons to choose Coleg Gwent...

01

Success story

We achieve impressive success rates (see page 7).

02

Meet the experts

Our experienced tutors are experts in their field so you'll be learning from the best.

03

Achieve your goals

Clear progression routes and pathways to success - whether you progress to the next level or study one of our Foundation Degrees, we help you achieve your career goals.

04

Climb the career ladder

We have strong links with employers who provide work experience, apprenticeships and placement opportunities.

05

Here for you

Support for all our learners so you can excel in your course, plus additional learning support for those with learning difficulties and/or disabilities.

Apply online today at www.coleggwent.ac.uk

06

Social life

Enjoy a great social life with all of our extra-curricular activities; you'll have a dedicated slot for these in your timetable.

07

Specialist facilities

We have facilities on-site to help you practise outside the classroom. These include hair & beauty salons, recording studios, an ACS gas testing centre, Baxi centre, ATA motor centre, commercial restaurant (Morels), performance theatres and a working farm!

08

Student voice

We listen to you and use your feedback to improve the college experience - we've won awards for our learner voice activities.

09

Spoilt for choice

You're spoilt for choice when it comes to choosing a course - we offer 32 A Level subjects and over 150 full time vocational courses, as well as 36 university level courses.

10

Pursue your passion

You'll be studying something YOU'RE interested in, that YOU'VE chosen and that YOU want to pursue a career in.

OUR CAMPUSES

USK Campus

Our rural centre. Usk campus is home to our agricultural, sport and leisure and public services courses. Surrounded by beautiful countryside and set on the edge of the historic Usk town, it's the campus to choose if you have a passion for nature and the outdoors. New facilities on site include a state-of-the-art Library and a student café. Complete with a 296 acre working farm, animal and equine centres, refurbished gym, sport and outdoor education facilities, we welcome around 850 students a year from across the UK. We're in easy reach of Monmouth, Abergavenny, Chepstow, Cwmbran, Pontypool and Newport and close to the M4 motorway, which is ideal for our students who are travelling from further afield.

Torfaen Learning Zone

Offering a broad range of both A Level subjects and vocational educational courses, our new campus in Cwmbran will be opening in January 2021. Home to all English medium A Level provision in Torfaen, the centre will also offer level 2 & 3 vocational courses, Foundation Degrees and the Welsh Baccalaureate. The centre has state-of-the-art facilities, including a performance hall, music and media suite, an art studio, plus lots more! Situated next to Morrisons in the centre of Cwmbran, it's easily accessible by public transport and has an on-site car park.

Apply online today at www.coleggwent.ac.uk

City of Newport Campus

Offering a wide range of both vocational and academic courses, fully aligned to local employment opportunities in the area, our City of Newport campus hosts fantastic facilities. These include well-equipped engineering & construction workshops, art studios, science laboratories and hairdressing & beauty salons, as well as an innovative digital technology suite.

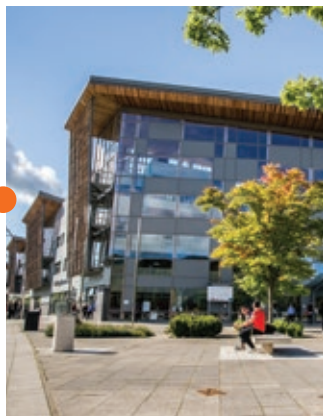

Prior to COVID-19 restrictions, Newport has been known for its lively cultural scene and festivals, to global sporting events, with the restrictions lifted, there will be plenty to enjoy! Newport is a great place to be a student.

Crosskeys Campus

Our largest campus offers over 30 A Level subjects, degree qualifications and a rich and diverse range of vocational courses.

The campus also hosts impressive theatre facilities for performing arts, a restaurant and hair and beauty salon both open to the public, industry standard equipment for its advanced manufacturing courses, a Higher Education Hub for those studying degree level qualifications and a Library equipped with a Mac suite, books and access to online journals. Crosskeys Campus is also home to the Dragons Junior Rugby Academy where students can develop their rugby skills alongside their chosen course!

Blaenau Gwent Learning Zone

Since opening in 2012, Blaenau Gwent's cutting-edge Learning Zone has become the home of all A Level education in the county. Also hosting a wide range of vocational and higher education courses, the centre's state-of-the-art facilities include purpose-built construction workshops, recording studios, Mac computer suites, a performance area, hair and beauty salons that are open to the public, a Library and even our very own racing car and aeroplane!

LIFE AT COLEG GWENT

MADE FOR STUDENTS

Supporting Diversity and Inclusion

At Coleg Gwent, our core values promote respect and tolerance for all. We're determined to do everything we can to make sure our college is a place where everyone, staff or learner, feels safe and respected.

OUR DIVERSITY CHARTER

**NO
JUDGEMENT**
realise we are
all different

**BEHAVIOURS
MATTER**

**APPRECIATE
OTHERS'
VIEWS**

**RESPECT
FOR ALL**

**ACCEPT
THERE IS
NO RIGHT
OR WRONG**

Apply online today at www.coleggwent.ac.uk

Enterprise, Employability & Entrepreneurship

Gyrfa Cymru
Careers Wales

Fancy becoming the next Alan Sugar or Richard Branson?

Get involved in enterprise activities and let your entrepreneurship flourish! Take part in role model sessions, work alongside companies or take part in internal and external events. Get the support of Careers Wales and employability programmes that help build CVs, offer mock interviews and provide work placements. Activities throughout the year allow you to develop the skills you need for a successful future.

Join your Students' Union!

Why not join the Students' Union on your campus and make your voice heard? You can vote for elected officers or become one yourself. As a union member you can take part in fundraising, events, campaigns and forums, plus lots more. Why not represent the learner voice and become class rep? Be heard and make a difference!

Save £££

Register for a TOTUM card, the UK's number 1 student discount card, and gain access to exclusive student deals! You'll also get your fully accredited proof of age ID completely free with your card.

That bit EXTRA

All students can get involved with CG Extra; you can join in with activities and volunteering, sports and fitness, clubs and societies, music and drama and the Duke of Edinburgh Award. You'll have a dedicated slot on your timetable for these activities. It's also a great chance to make new friends, gain valuable life skills, become more independent and improve your employability!

OPPORTUNITIES

JOIN A WINNING TEAM

All students can get involved in our sports teams, whether you're competing already at elite level, or you just want to try something new whilst keeping fit and healthy. If you're feeling competitive, join one of our netball, football and rugby teams that compete in top local, regional and national leagues.

BRITISH COLLEGES SPORT CHAMPIONSHIPS

Every year the college enters the British Colleges Sport Championships and every year our team returns with a host of medals you'd struggle to count on your fingers and toes. From team events like tennis and netball, to individual trampolinists and cross country runners - our students are some of the best in the UK - many following in the footsteps of our tutors who have Welsh caps and competition success in their own sports.

NEWPORT DRAGONS JUNIOR ACADEMY

Our Crosskeys Campus is home to the Newport Gwent Dragons Junior Academy where students study full time courses at any Coleg Gwent campus - either sport related, A Levels or other vocational courses - whilst having 16 hours a week of dedicated training from Dragons coaches as part of a two year development programme.

Apply online today at www.coleggwent.ac.uk

WORLD SKILLS

Put your skills to the test and compete in WorldSkills UK and Skills Competition Wales. Getting the chance to network with industry experts, you'll develop skills such as problem solving and working under pressure, competing at international level! We're frequently listed in the top 10 league table of winners, and we have been selected to be one of only two colleges in Wales to be a Worldskills UK Centre of Excellence.

Find out more at:

www.coleggwent.ac.uk/worldskills

SUPPORTING YOU

If you need support you can talk to your personal tutor or contact the campus Additional Learning Needs Co-ordinator (ALNCo).

PERSONAL TUTORS

As a full time student you will have your very own personal tutor who will meet with you to review your academic progress, provide support, offer guidance and encouragement to ensure that you successfully complete all aspects of your course. In addition to looking after your general welfare and becoming someone you can trust and rely on, they will also prepare you for your next steps at college, university or employment.

THE SEREN NETWORK

We want to make sure all of our students fulfil their potential. The Seren Network provides students who achieved A*s at GCSE with an excellent foundation to apply to competitive and selective Russell Group universities (a group of universities with a shared focus on research and a reputation for academic achievement). Activities provided aim to build confidence and resilience, as well as broadening subject knowledge, helping you develop the qualities that Russell Group universities value and look for in their applicants.

SUPPORT FOR ADDITIONAL LEARNING NEEDS

If you have a learning difficulty and/or a disability, we can provide lots of support. This could include:

- ✓ In-class support from an additional support assistant
- ✓ Extra sessions for help with assignments and coursework
- ✓ Help from a communication support worker (for deaf students)
- ✓ Dyslexia support
- ✓ Use of the Inspire2Achieve room
- ✓ ARROW sessions to help you improve your reading and spelling skills
- ✓ Use of accessibility software including initial training
- ✓ Exam access arrangements

Apply online today at www.coleggwent.ac.uk

WELLBEING SUPPORT

Your safety and welfare is our priority. We'll ensure you're safe in college and work placements and we'll provide support with personal difficulties. You can use our confidential counselling and chaplaincy services and we can also put you in touch with external agencies which may help you.

If you'd like to know more about the extensive support we offer, contact Learner Services at your campus or take a look at our website.

Contact Learner Services on campus or visit:
www.coleggwent.ac.uk/support

Togetherall is an online community for mental health support, with 24/7 access to trained professionals. Offering clinical expertise, peer support and a safe online environment, it aims to improve mental wellbeing in an inclusive and non-judgmental way.

Members can support each other anonymously, and also includes self-assessments, self-guided courses and creative tools to help you manage mental health conditions, take control, feel better and maintain positive mental wellbeing while you're at college.

TRAVEL AND TRANSPORT

Not sure how you'll get to college? We have a student bus pass scheme which gives you discounted travel to and from our campuses! Not only that but you also get discounted rates at evenings, weekends and holidays (excluding summer holidays).

To find out more about the application process, visit:

www.coleggwent.ac.uk/transport

FINANCE

Depending on your age and financial situation, you could be eligible for more help than you think. Funding that you might be eligible for includes:

- ✓ Educational Maintenance Allowance (EMA)
- ✓ Welsh Government Learning Grant (WGLG)
- ✓ Financial Contingency Fund (FCF)
- ✓ David Davies Memorial Trust
- ✓ Discretionary Assistance Fund in Wales (DAF)
- ✓ Prince's Trust Development Award

You'll find full details at:
www.coleggwent.ac.uk/finance

THE LIBRARY

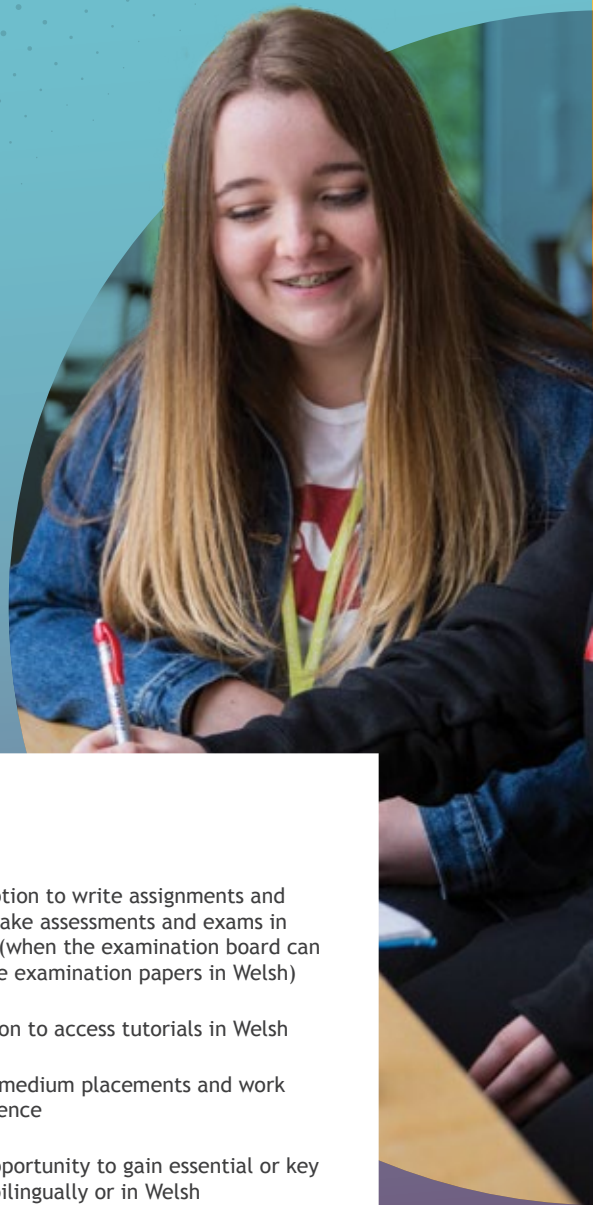

As well as books, journals, eBooks and DVDs you can use PCs or connect your own device to our free Wi-Fi in the Library. Staff are on hand to help you find resources and access other services such as photocopying, laminating and binding.

LEARNING IN WELSH AND BILINGUALLY

The Welsh language and culture of Wales is important to us.

We encourage all members of the college community, Welsh speaking or not, to understand the importance of the Welsh language as a personal, educational and employability skill for the future.

WE CURRENTLY OFFER

- ✓ The opportunity to study some modules, of a selection of courses, bilingually
- ✓ The opportunity to study Welsh as a second language
- ✓ Welsh language and bilingual study support through 'HWB Cymraeg' and social activities through 'Clwb Cymraeg'
- ✓ The opportunity to study childcare and health and social care courses through the medium of Welsh
- ✓ The opportunity to promote Welsh language awareness and use the language at Coleg Gwent by becoming a Welsh Buddy
- ✓ The option to write assignments and undertake assessments and exams in Welsh (when the examination board can provide examination papers in Welsh)
- ✓ Provision to access tutorials in Welsh
- ✓ Welsh medium placements and work experience
- ✓ The opportunity to gain essential or key skills bilingually or in Welsh

Find out more at:

www.coleggwent.cymrucg

Apply online today at www.coleggwent.ac.uk

MATHS, ENGLISH AND SKILLS ACTIVITIES

Maths and English might not be everyone's favourites but they're some of the most important skills you could have. Whether you're texting a friend or paying for your shopping, you use these skills every day.

They'll be both expected and highly valued by employers when you're looking for a job.

MATHS AND ENGLISH

At Coleg Gwent, we focus on teaching the skills that are going to benefit you when it comes to applying for university, getting a job or progressing on to further study. For this reason, every course that we offer includes English and maths development. If you don't have a grade C GCSE in either subject when you join us, you will attend discrete classes to help you work towards this level.

Find out more at:

www.coleggwent.ac.uk/me

SKILLS ACTIVITIES

Whilst your qualification is very important, so are the additional skills that employers tell us you'll need in the workplace such as problem solving, teamwork and using your initiative. Through our skills activities initiative, you can get involved in volunteering, work experience, clubs and societies. As well as looking great on your CV, these activities can be very rewarding and a lot of fun.

Once you start your course, you'll complete a Wales Essential Skills Toolkit (WEST) assessment. It's nothing to worry about, it just ensures we give you the right level of support when you start.

Find out more at:

www.coleggwent.ac.uk/skills

UNIVERSITY LEVEL COURSES

MADE FOR GRADUATES

Did you know that you can gain a university qualification at Coleg Gwent?

We have a growing number of higher education courses, so whatever you're interested in, why not take a look in our higher education guide or on our website?

**University
level
qualifications
on your
doorstep!**

YOU CAN STUDY COURSES IN...

- ✓ Equine & Animal Health
- ✓ Construction & The Built Environment
- ✓ Business, Management & Tourism
- ✓ Creative Industries
- ✓ Public Health & Care
- ✓ Humanities & Education
- ✓ Science, Engineering & Technology
- ✓ Sport & Public Services

Find out more, and apply, at:
www.coleggwent.ac.uk/he

Why Study a University Course at Coleg Gwent?

You can save money on travel and accommodation as well as on your tuition fees. Our course fees are lower than most universities and it's perfect for fitting study around work/life commitments.

Our classes are smaller and more intimate than a university setting so you can get the help and support you need. As a higher education student, you could also be eligible for financial support and subsidies to help with the cost of studying.

Not sure if you meet the requirements?

We don't have strict entry requirements for our higher education courses; we consider you as an individual. We look at your life and work experience, as well as previous qualifications.

APPRENTICESHIPS

We know that full time learning isn't for everyone.

If you'd prefer to go straight into employment but want to achieve qualifications alongside your new skills and experience, then an apprenticeship could be ideal for you.

YOU CAN DO APPRENTICESHIPS IN:

- ✓ Bricklaying
- ✓ Carpentry
- ✓ Electrical Engineering
- ✓ Electrical Installation
- ✓ Health and Social Care
- ✓ Mechanical Engineering
- ✓ Motor Vehicle - light and heavy vehicle
- ✓ Motor Vehicle - body repair and body paint
- ✓ Construction
- ✓ Plumbing
- ✓ Welding

Find out more, and apply, at:

**[www.coleggwent.ac.uk/
apprenticeships](http://www.coleggwent.ac.uk/apprenticeships)**

A real job

Put your new skills into practice in your workplace and come to college, usually one day a week.

A real qualification

A national qualification recognised by employers around the world. Better skills, better prospects!

A real pay cheque

Not only do you get industry experience, workplace skills and qualifications, you also get paid!

A real future

Apprenticeships give you the skills employers want, which can open doors in the future.

Am I eligible?

To do an apprenticeship you need to be:

- ✓ Employed in the relevant sector, have a contract of employment and be paid in line with the national minimum wage
- ✓ Living and/or employed in Wales
- ✓ Not in full time education
- ✓ Committed to achieving the qualifications that underpin the apprenticeship

Apply online today at www.coleggwent.ac.uk

NEW

SPORTING
EXCELLENCE
APPRENTICESHIP

WITH NEWPORT
COUNTY!

I grew up on a farm and was always fiddling around with machinery. I really enjoy the practical aspects of the course in the workshops and my tutors are really good. I preferred the workshops at Coleg Gwent's Crosskeys campus, compared to other colleges and feedback from friends who were already studying at Coleg Gwent was great. I'm currently on an apprenticeship with Doncaster.

Jesse Moody

Level 2 Mechanical
Engineering Apprentice

A LEVELS

We offer a huge range of A Level subjects at Crosskeys campus, the Blaenau Gwent Learning Zone and our new Torfaen Learning Zone, so you can choose the right subjects for the career you want.

You'll also get help with your UCAS application and advice on writing your personal statement to make sure you have the best chance of getting accepted at your chosen university.

With 32 A Level subjects on offer, we're sure to offer you a combination to help you get ahead.

99.9%

A LEVEL PASS RATE

I went to an open event, met the teachers, looked round the campus and so decided to apply. I was nervous at first... the support was phenomenal. It's easy to be put off, as it's a big jump, but as long as you choose a subject because you enjoy it, then you'll do well.

Cian Jones

A Levels

All of our A Level courses are 2 years long

100% pass rate in 30 A level subjects across Coleg Gwent

Our A Level pass rate has been above the UK and Wales averages for the last 5 years

The next steps

A Levels open the door to many options. Usually, over 80% of our students go on to higher level study at University or at Coleg Gwent. Or, you may prefer to use your qualifications to get a job or do an Advanced or Higher apprenticeship.

ACCOUNTANCY, BUSINESS AND LAW

In our modern world, business and commerce govern almost every aspect of our lives, so expect your studies to be broad but with the opportunity to specialise.

Financial & professional services have the largest number of jobs in Wales, a country which has a strong reputation in this field.

With Wales's aim to be the most competitive region (outside of London) in this sector by 2021, why not study with us today to fill one of the 50,000 expected job vacancies?

Source: Careers Wales

Some of the highest salaries are paid in this sector; a fully qualified accountant could earn around £70,000 a year.

Source: EMSI Q1 2018 Dataset

The next steps

Many of our business and management students go on to study at universities across the UK either in a broad business context or specialising in areas such as marketing, law, HR or finance. You can stay closer to home and study a university course at Coleg Gwent or put what you've learned into practice by heading straight into a job. Alternatively, why not further your skills in a traineeship or apprenticeship? Budding entrepreneurs can even start their own business!

Apply online today at www.coleggwent.ac.uk

AGRICULTURE AND ANIMAL CARE

All employers look for experience and you'll get loads of it on all our agriculture and animal care courses at our rural Usk campus.

Our working farm offers budding farmers the chance to work with industry standard machinery and our cattle and sheep herds provide you with the skills, knowledge and experience you'll take with you into the world of work.

If you like smaller animals you'll feed, clean and care for a whole range of small animals (from rabbits and guinea pigs to more exotic species including reptiles and donkeys) in our small animal care centre, which is also home to our Blue Cross cat re-homing centre.

If you're an equestrian enthusiast then take the reins with our equine courses! With indoor and outdoor schools and livery facilities you'll learn how to care for horses, examine their behaviour and develop your riding skills in a professional environment.

The next steps

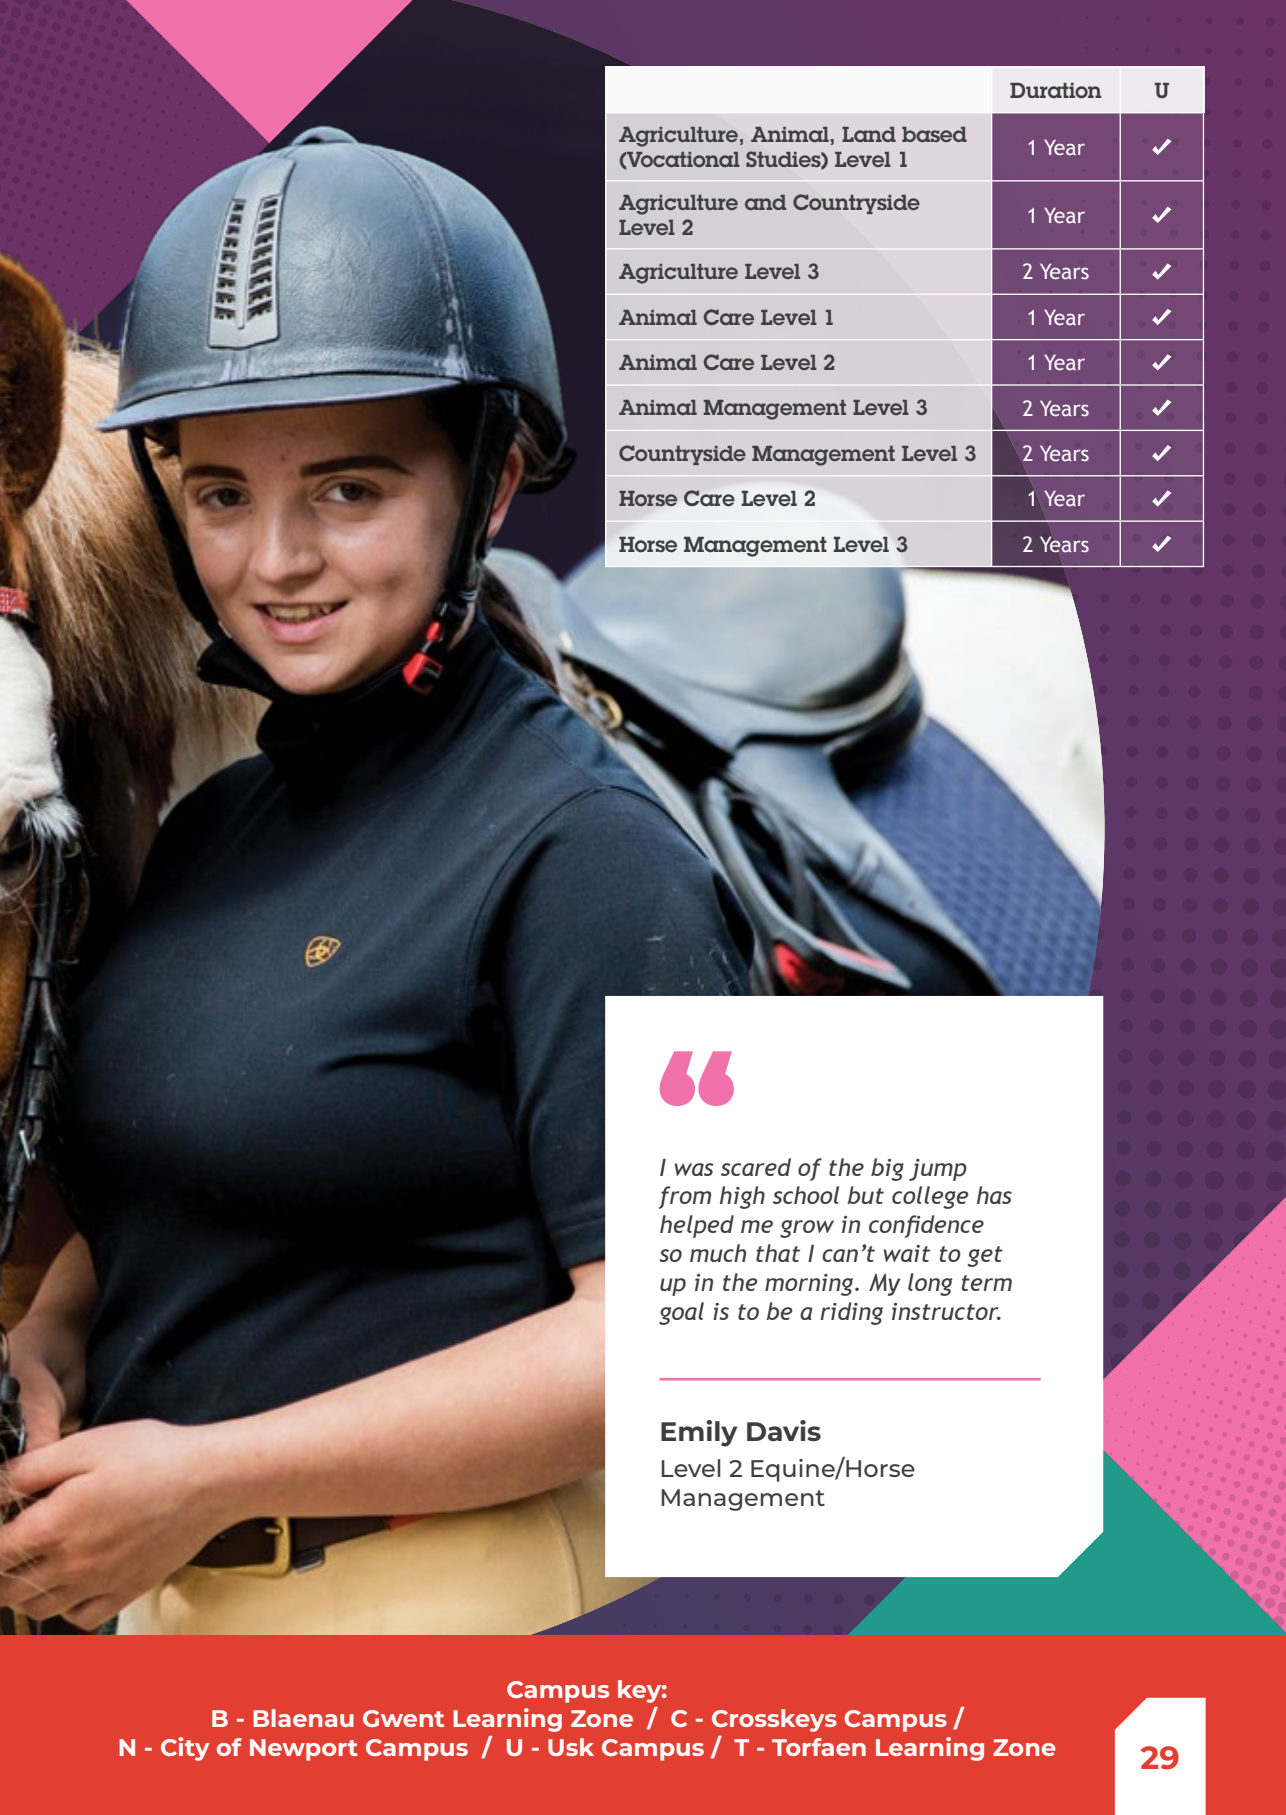

Many of our agricultural and animal care students go on to study at universities across the UK and university courses at Coleg Gwent such as Animal Health and Welfare. Or alternatively, you could go straight into a job; 64% of farmers are aged over 55 so demand for new recruits is high.

ART & DESIGN, MEDIA, PHOTOGRAPHY

Let your artistic flair shine through; our spacious studios are the perfect place to express yourself, experiment with a range of techniques and select a specialism.

With more than 8,500 jobs needed to be filled in this sector by 2024 in Wales, why not study with us? There could be a job waiting for you.

You'll have access to our commercially relevant resources including state-of-the-art Apple Mac and PC multimedia suites with the latest software.

Our student exhibitions are the perfect platform to showcase your best work and get public exposure - brilliant experience to prepare you for university or the world of work.

Creative industries are driving economic growth across the UK, on track to create one million new creative industries jobs between 2013 and 2030. This could total 1,000 new jobs a week!

Source: www.nesta.org.uk

The next steps

Many of our students go on to study at universities across the UK either in a broad creative context or specialising in areas such as fashion, photography, graphic design, fine art and more. You can study a range of university courses including creative studies at Coleg Gwent. Others put what they've learned into practice in jobs such as graphic/web design, fashion design and animation.

CATERING AND HOSPITALITY

Working in the service industries means you're often at the forefront of the customer experience so it's essential customers have a positive experience; from their first impression, to a quality product and excellent service.

As a catering and hospitality student you'll learn in our commercial kitchens and gain invaluable experience in our Crosskeys campus-based restaurant, Morels, which is open to the public. With a three million-strong workforce, and year-on-year growth, the catering sector is a significant contributor to the UK economy that can offer you a huge range of opportunities.

The next steps

There are more than a quarter of a million people employed as chefs in the UK (Source: Careers Wales) but other jobs in the catering and hospitality sector include bar and wait staff, hotel management and sommeliers.

THE CHEF'S FORUM ACADEMY

Coleg Gwent is the first college to offer the Chef's Forum Academy in Wales. Working with the Academy, our students have taken part in events at City of Bristol College, Cardiff Marriott and Park House Restaurant and Bar and Restaurant James Sommerin, working with local chefs. This builds their work experience repertoire and gives them the chance to showcase their skills to local employers.

Pictured: Coleg Gwent students with Chef James Sommerin

COMPUTING AND DIGITAL TECHNOLOGY

The digital world is developing fast and employers need forward thinking teams to develop software and manage systems and networks.

The UK - and the entire world - is now wholly reliant on computers and both hardware and software is developing and changing all the time. So anyone with expertise in computers, the internet or information technology as a whole is able to use their skills and education to work in almost any sector they wish; that's a lot of potential jobs.

You'll learn in fully equipped IT suites with access to the latest technologies, hardware and software. Our lecturers have hands-on industry experience so as well as gaining the knowledge and qualifications needed to be a computing or IT practitioner, you'll get skills that are directly relevant to the workplace.

The next steps

Many of our computing and IT students go on to study at universities across the UK either in a broad technology context or specialising in areas such as cyber security, programming or network architecture. You can study a range of university level courses at Coleg Gwent. Or if you'd rather put your skills into action in the workplace you could get a job as an IT support analyst, software developer, IT support technician or network engineer at a junior level.

I chose to do this course as I enjoy computing, it offers the best options and covers a lot of areas. My biggest achievement so far has been coming third place in the Networking and Security Skills Competition. After college, I'd like to get into Cyber Security. My course covers this area but the tutors are also teaching me the soft skills I'll need on a day-to-day basis.

ESOL

English for Speakers of Other Languages (ESOL)

If English isn't your first language, our courses will help you to improve your English skills.

This could be to help you find employment, communicate with your child's school, Jobcentre Plus or doctor, or just make your life in the UK easier.

On our courses you can:

- ✓ Improve your English - speaking, listening, reading, writing, grammar and vocabulary
- ✓ Learn how to write formally and informally for emails, letters, CVs and job applications
- ✓ Learn about life in the UK
- ✓ Learn about the work skills you need to get a job or a promotion at work
- ✓ Learn about maths including measuring, budgeting and how to read timetables

I chose this course to improve my English as I was studying a Masters degree in Business and Technology in Spain. The topics studied in the classroom have helped with everyday life as well as my degree. The tutors are very understanding. When I arrived, I could only speak a little bit of English and was too nervous to ask questions. Now I can confidently hold a conversation.

CONSTRUCTION

If you're good at planning, are creative and can use basic maths like areas, volumes, linear measurements and costings you could make a great craftsperson.

A career in construction can be varied and with the sector being hit by skills shortages, skilled construction workers are always in demand. We've got great links with employers, which means you'll get the hands-on training you need, along with the opportunity to network.

You'll get practical experience in our fully equipped workshops alongside other trades so you'll be well prepared for work on a construction site. You'll also learn the theory to back up your practical skills as well as health and safety, which is essential in all trades. Our lecturers have years of industry experience behind them so not only will you be learning from experts, but they'll give you advice on getting a job after college or even starting your own business.

The next steps

Many of our construction students go straight into employment or an apprenticeship in a trade. You may also have the option to study a HNC/D in Construction and the Built Environment or Civil Engineering at Coleg Gwent, or a construction-related course at another university.

Apply online today at www.coleggwent.ac.uk
hello@coleggwent.ac.uk | 01495 333777 (Croesawn alwadau yn Gymraeg)

I joined this course because I wanted to try out different trades to see which one I preferred. The course is great because it's practical and you get to try so many things - painting and decorating, carpentry, electrics and bricklaying. Coming to an open event was really helpful. I was able to speak to the tutors and, when I came to the college, I already knew them.

ENGINEERING AND AUTOMOTIVE

Engineers use the knowledge they have in a specific field to make things work, to improve things and to solve problems.

Engineering is the practical and creative application of science and maths. Your new mobile phone and laptop? Electronic engineers had a hand in making it. The car you travel in? Automotive engineers made that possible.

You will hone your skills in state-of-the-art workshops with access to traditional hand and machine tools, as well as modern computer-controlled machinery and rapid prototyping. Our electrical and electronic laboratories allow you to learn by designing, building, programming and testing solutions to solve real problems. Also, our close links with businesses mean you learn the latest techniques and skills that engineering employers want.

The next steps

Many of our engineering students go on to study at universities across the UK or here at Coleg Gwent either in a broad context or specialising in areas such as motorsport, mechanical and electrical engineering. If you'd prefer to put what you've learned into action in the workplace, you could go on to employment making up the 8,000 engineers that are needed in Wales by 2022 (Source: Careers Wales).

After trying different courses and jobs I finally decided that I wanted to follow my passion and apply for a course at Coleg Gwent. I always struggled with maths and English but the tutors offer great support and have helped me improve greatly. I will be going on to study the level 3 at Coleg Gwent.

HAIRDRESSING AND BEAUTY THERAPY

"If you do a job you love, you'll never work a day in your life"...

...The mantra of many professionals working in the varied, exciting and rewarding industries of hair, beauty, make-up and complementary therapies. They often top the national polls of the happiest workers in the UK. You'll get the hands-on experience employers are looking for in our commercial salons and clinics.

You'll need to have good people skills to provide top quality customer service as well as creativity and an awareness of fashion, so you can advise clients on the best look for them. Our lecturers have years of industry experience behind them so not only will you be learning from experts, but they'll be able to give you advice on getting a job after college or even starting your own business.

The next steps

You can further your studies at Coleg Gwent and continue improving your practical skills in make-up or learning new skills in prosthetics, lifecasting and mask making. If you'd rather go straight into employment, options include working in a salon, spa or as a freelance therapist, hairdresser or make-up artist.

HEALTH, CARE AND EARLY YEARS

A career in care can be massively rewarding and you can make a positive impact on the lives of others.

Working with children is a hugely challenging job but few areas of work are as rewarding and varied. To look after and help educate children is a major responsibility, which is why you'll need recognised qualifications to work in a childcare role. Similarly, you'll need qualifications when working in health and social care. When studying with us, you'll find out first-hand what it is like to be involved in the sector from our lecturers who have had experience in many different health and social care roles. Most of our courses include work experience giving you the hands-on experience employers look for, giving you an advantage when you qualify.

Find out more about our Career College course in Health and Care on page 56

The next steps

Many of our students go on to study at universities across the UK either in a broad care context or specialising in areas such as social work, health science or nursing. You can study a range of university courses at Coleg Gwent or take the plunge into the world of work as a domiciliary care worker, childcare assistant or support worker; this hugely diverse sector offers hundreds of opportunities.

INDEPENDENT LIVING SKILLS (ILS)

There are a range of courses on offer which are suitable for students from a variety of educational backgrounds and abilities. We'll help you learn to manage your own money, cook your own food, plan your own career and live an independent life in your community.

As well as learning practical skills, we'll help to increase your self-esteem and confidence to help you live an active life. You'll cover a mixture of vocational and creative skills such as arts and crafts, cooking, gardening and IT, as well as continuing to improve your literacy, numeracy and other essential skills. You'll also go on trips and visits to places such as local amenities, museums and tourist attractions, as well as taking part in fundraising and enterprise activities.

There are no formal entry requirements as each learner's needs are considered on an individual basis; we'll assess your specific needs to make sure you enrol on the right course for you. You will have the opportunity to attend a transition programme where you can meet the tutors, attend some sessions and get to know the college before you start.

The next steps

All our courses are one year long and you can progress either within ILS or possibly apply to mainstream courses at the college.

Apply online today at www.coleggwent.ac.uk

MUSIC, DRAMA AND DANCE

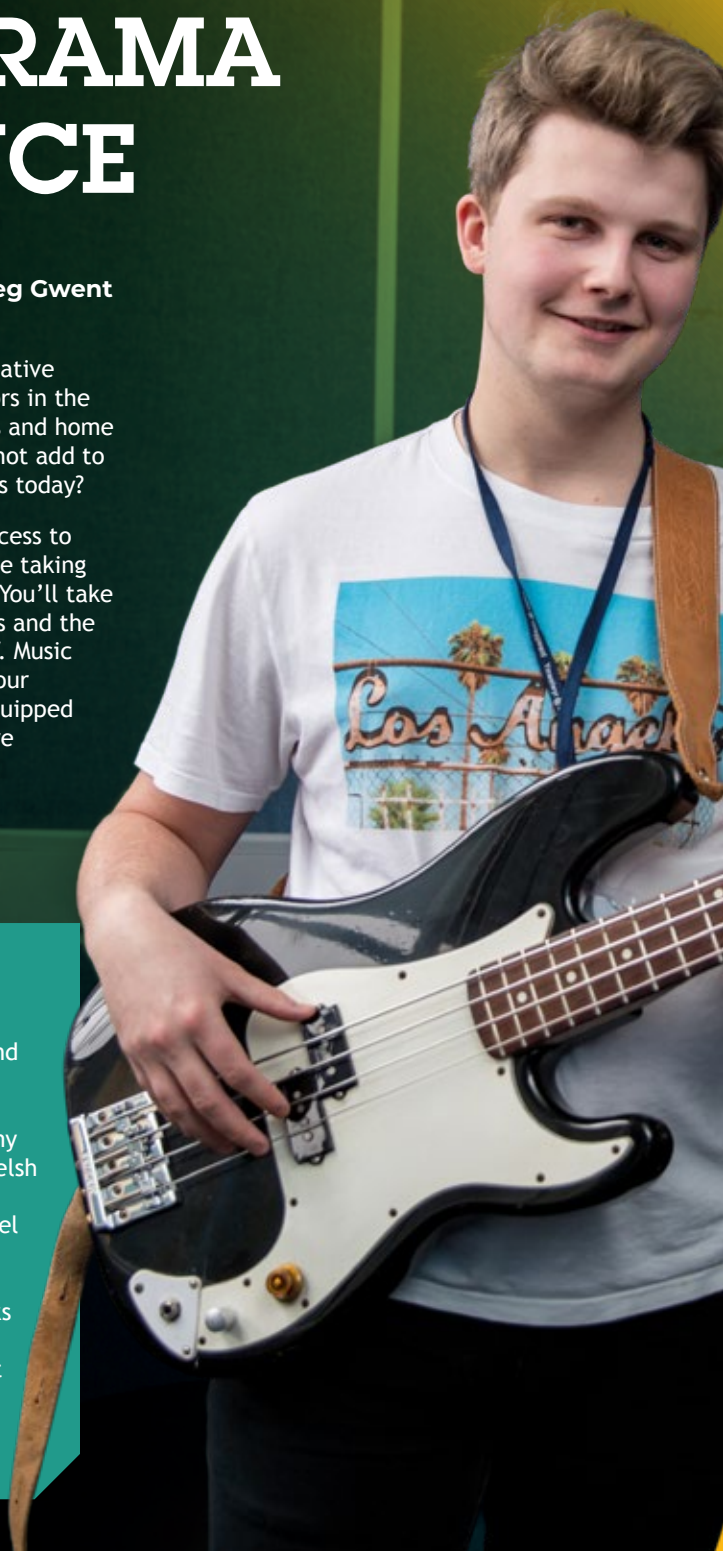

Get a taste of the bright lights at Coleg Gwent and make your dream centre stage.

Wales is making a name for itself in the creative industries, one of the fastest growing sectors in the country, by producing high profile TV shows and home to well-known musicians and singers. Why not add to the star-studded line-up by studying with us today?

As a performing arts student you'll have access to our state-of-the-art rehearsal studios before taking to the stage in our fully furnished theatre. You'll take part in live performances for family, friends and the public - great experience to put on your CV. Music students enjoy creating and performing in our professional recording studios which are equipped with all the latest technologies, making sure you have everything you need to showcase your creative side.

The next steps

You can do a foundation degree in music and performing art. Many of our students go on to study at universities and drama schools across the UK including the London Academy of Music and Dramatic Art and the Royal Welsh College of Music and Drama. Or, you could stay closer to home and do a university level qualification at Coleg Gwent; Foundation Degree performing arts students can gain first-hand experience of the business thanks to the partnership with the Riverfront in Newport. You'll also have the option to put what you learn into practice in jobs such as stage management, music journalism, acting, directing and much more!

PATHWAY TO DEGREE/UNIVERSITY

(ACCESS TO HIGHER EDUCATION)

A university degree is achievable even if you don't have any previous traditional qualifications.

An Access to HE course will help you develop the knowledge, skills and confidence you need to prepare you for university.

You can choose from a range of pathways to get onto your chosen degree course and then, that dream job. You'll learn how to approach study and the different techniques that you'll need to succeed.

Many people are nervous when they start an Access to HE course, particularly if they haven't been in a classroom for some time. Our tutors are aware of this and take it into account in their teaching; you won't be 'thrown in at the deep end' or tested on things that you forgot years ago. Although you can expect the course to be challenging, the whole purpose of an Access to HE course is to help you be successful.

We also offer a pre-Access course (Skills for Further Study) which focuses on academic skills to help you progress to an Access course.

The next steps

Access to HE courses are included in the UCAS tariff and are widely accepted by UK universities but you should check with the specific university you want to go to. You could stay local and do a university course at Coleg Gwent.

SO, WHY STUDY A PATHWAY TO DEGREE?

01

It will improve your prospects, making success more likely and helping you achieve that dream career.

02

It proves you have valuable skills such as studying independently and meeting deadlines.

03

Most employers ask for a degree, it shows that you're competent.

04

It proves you can commit to something, withstand hard work and go the distance.

05

As well as giving you a qualification, you'll gain a wealth of experience and you'll definitely make contacts to help you in future.

Over a quarter of students studying their first degree achieved a first class honours degree in 2017/18, an increase of just under 10% on previous years. Source: Higher Education Statistics Agency

I needed a qualification in order to move further with physiotherapy. Although working as a Physio Assistant, my frustration was not being able to progress in my current role but coming to Coleg Gwent has enabled me to break that barrier. I found my teachers to be enthusiastic and motivated to get their students into university and to get the best they can out the course.

SCIENCE

Robotics, artificial intelligence, biomedical science and forensic computing are just some of the exciting career and university opportunities open to our science students.

You'll learn to apply scientific principles to practical problems in order to find solutions that may cure diseases, solve scientific problems or develop technology. You'll get hands-on experience in our purpose-built science laboratories, all with industry standard equipment. And as well as expert lecturers, you'll be supported by technicians with a wealth of industrial and forensic experience.

As one of the STEM (Science, Technology, Engineering and Maths) subjects, a qualification in Science can open the doors to many exciting careers in the future.

Many technology companies who rely on science professionals are global. So, a career in this sector could see you travelling the globe, solving international challenges or working in forensic laboratories in the UK or abroad.

The next steps

Many of our science students go on to study at universities across the UK either in a broad science context or specialising in areas such as food or human sciences, forensic science or psychology. Alternatively, you can study a university qualification at Coleg Gwent. Others put what they've learned into practice in jobs in junior level science-related roles.

Applied Science Level 3 (Extended Diploma)	2 Years	✓	✓	✓

I decided to take this course because it's always been an interest of mine, from a very young age. I found the course very interesting and the tutors were very helpful. My long term goal is to be a petroleum engineer, this course will allow me to go on to level 3, and then to university and to get a degree. I would definitely recommend!

SPORT, TRAVEL AND PUBLIC SERVICES

Sport & Leisure

Follow in the footsteps of your sporting heroes. Whether you're interested in coaching, management, exercise science or therapy, we have courses that'll get you in the running for these exciting professions. The future could see you working in a health club, being an activities instructor or working in sports rehabilitation. There's also plenty of sporting teams you can join at each campus.

Public Services

Perhaps you've got a passion to be a police officer or paramedic? Or maybe you're made to be a marine or fancy being a firefighter? Our public services courses will help you make the grade. Public services are at the very heart of our community, and those who pursue a career within one of the uniformed or non-uniformed services will be fulfilling a vital role in society. By studying with us, you'll have the opportunity to become a police cadet in partnership with Gwent Police.

Travel & Tourism

If you're ready to set off on a rewarding career, our travel and tourism courses could take you in the direction of one of the most exciting and vibrant industries in the world. You'll study subjects such as travel destinations, tour operations and the role of resort representatives. Also, you'll learn transferable skills such as customer service and communication so you'll be ready equipped for employment.

“

I didn't really know what I wanted to do before. I came along to the open day and talked through the course and what it included. People don't realise there's more to this course; you can go into things such as event management or marketing. My biggest achievement is getting an offer from university!

CAREER COLLEGES

Are you clued up on the latest technologies? Does working in the world of medicine, healthcare or childcare interest you?

Coleg Gwent is THE only Career College in Wales to offer courses in health and care and digital technologies, by teaming up with local employers to deliver industry led qualifications and education.

Studying health and social care was always an option for me, I want to work with people who have learning difficulties. I was introduced to this Career Colleges course by a tutor; I do a two day placement and study three days at college. I love working in my placement, I'm going to go straight into a job after my course.

Chloe Leigh Rouse

Career Colleges Health and Social Care

What is Career Colleges?

Career Colleges run courses that have been specifically designed with employers; students can get involved in real life industry projects and gain invaluable experience in the workplace. So, you can be safe in the fact that you are learning EXACTLY what companies need from potential employees, guaranteeing you a step on the career ladder.

Can I only study these courses at Coleg Gwent?

Yes, we are the only college in Wales to offer these courses to students. You will be learning from local employers in their working environment and receive close mentoring from our experienced lecturers.

Many students who have completed similar courses have gone on to apprenticeships, university and employment.

What courses are on offer?

- ✓ Level 3 Career Colleges Digital Technologies (find out what one of our current students had to say about the course on page 35)
- ✓ City & Guilds Career Colleges Health and Care
